### **1. What can be appealed and to whom?**

- a) Appeals against decisions by executives acting in connection with the regulations governing all ITF competitions will initially be heard by the committee responsible for the competition.
- b) Appeals by Member Nations against the decision, appeal ruling or interpretation of a committee responsible for competitions, including the Davis Cup or Fed Cup Committees, shall be referred to the Board of Directors, whose decision shall be final and binding on all parties.

### **2. Who hears appeals?**

- a) Appeals will be heard by eligible members of the Committee responsible for that competition. Appeals to the Board of Directors will be heard by eligible members of the Board.
- b) Eligible members are those who are completely independent of the party or parties involved in the appeal. Members cannot participate if they have, or could be perceived as having, a direct or indirect interest in the outcome. They also cannot participate if they are nationals of any of the countries involved, or come from or represent the same country as the Appellant or Appellants, or if they are commercially involved with the Appellant.
- c) Ineligible members shall not participate in the appeal proceedings. Furthermore, ineligible members will not be permitted to be present or take part in the deliberations involving the issues for which they have been declared ineligible. However, ineligible members may be permitted to make representations on appeals, provided that opposing parties are also permitted to make representations in accordance with Section 3 below.

### **3. Conduct of appeals.**

- a) All appeals at the Committee level shall only be in writing. Appeals to the Board of Directors shall be in writing unless the Appellant wishes to be heard in person.

If necessary, a written response from the original decision maker, and a further written response from the Appellant will be permitted. Eligible members deciding the appeal will discuss the appeal and issue a decision which shall be final and binding on all parties subject to a final appeal, in appropriate circumstances to the Board of Directors.

- c) If the Appellant, in an appeal to the Board of Directors, wishes to appear in person, he or she may do so. In such cases, there must still be a prior written appeal stating the grounds of the appeal. A representative of the original decision maker or of the Committee that heard the original appeal shall also be present to respond to the verbal and written presentations by the Appellant. If new written submissions are provided, a final written response from the Appellant shall be permitted. Questions may be put to the parties present, by the directors hearing the appeal.
  
- d) The Board shall only hear oral representations when a reasonable opportunity is provided to opposing parties to hear and respond to these representations. In the event that oral representations or submissions are heard from an ineligible Board Member, the Board Member must exempt themselves following the representations, and shall not be permitted to participate in any aspect of the appeal deliberations.

**Rule 25 Recognition of IFs**

In order to develop and promote the Olympic Movement, the IOC may recognise as IFs international non-governmental organizations administering one or several sports at world level and encompassing organisations administering such sports at national level.

The statutes, practice and activities of the IFs within the Olympic Movement must be in conformity with the Olympic Charter, including the adoption and implementation of the World Anti-Doping Code. Subject to the foregoing, each IF maintains its independence and autonomy in the administration of its sport.

**Rule 26 Mission and Role of the IFs within the Olympic Movement**

- 1 The mission and role of the IFs within the Olympic Movement are:
  - 1.1 to establish and enforce, in accordance with the Olympic spirit, the rules concerning the practice of their respective sports and to ensure their application;
  - 1.2 to ensure the development of their sports throughout the world;
  - 1.3 to contribute to the achievement of the goals set out in the Olympic Charter, in particular by way of the spread of Olympism and Olympic education;
  - 1.4 to express their opinions on the candidatures for organising the Olympic Games, in particular as far as the technical aspects of venues for their respective sports are concerned;
  - 1.5 to establish their criteria of eligibility for the competitions of the Olympic Games in conformity with the Olympic Charter, and to submit these to the IOC for approval;

  - 1.7 to provide technical assistance in the practical implementation of the Olympic Solidarity programmes.
- 2 In addition, the IFs have the right to:
  - 2.1 formulate proposals addressed to the IOC concerning the Olympic Charter and the Olympic Movement;
  - 2.2 collaborate in the preparation of Olympic Congresses;
  - 2.3 participate, on request from the IOC, in the activities of the IOC commissions.

## Chapter 5 – The Olympic Games

### II Participation in the Olympic Games

#### Rule 40 Eligibility Code

To be eligible for participation in the Olympic Games, a competitor, coach, trainer or other team official must comply with the Olympic Charter, including the conditions of eligibility established by the IOC, as well as with the rules of the IF concerned as approved by the IOC, and the competitor, coach, trainer or other team official must be entered by his NOC. The above-noted persons must:

- respect the spirit of fair play and non-violence, and behave accordingly; and
- respect and comply in all aspects with the World Anti-Doping Code.

#### Bye-law to Rule 40

- 1 Each IF establishes its sport's own eligibility criteria in accordance with the Olympic Charter. Such criteria must be submitted to the IOC Executive Board for approval.
- 2 The application of the eligibility criteria lies with the IFs, their affiliated national federations and the NOCs in the fields of their respective responsibilities.
- 3 Except as permitted by the IOC Executive Board, no competitor, coach, trainer or official who participates in the Olympic Games may allow his person, name, picture or sports performances to be used for advertising purposes during the Olympic Games.
- 4 The entry or participation of a competitor in the Olympic Games shall not be conditional on any financial consideration.

#### Rule 41 Nationality of Competitors

- 1 Any competitor in the Olympic Games must be a national of the country of the NOC which is entering such competitor.
- 2 All matters relating to the determination of the country which a competitor may represent in the Olympic Games shall be resolved by the IOC Executive Board.

#### Bye-law to Rule 41

- 1 A competitor who is a national of two or more countries at the same time may represent either one of them, as he may elect. However, after having represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, he may not represent another country unless he meets the conditions set forth in paragraph 2 below that apply to persons who have changed their nationality or acquired a new nationality.
- 2 A competitor who has represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, and who has changed his nationality or acquired a new nationality, may participate in the Olympic Games to represent his new country provided that at least three years have passed since the competitor last represented his former country. This period may be reduced or even cancelled, with the agreement of the NOCs and IF concerned, by the IOC Executive Board, which takes into account the circumstances of each case.

- 3 If an associated State, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, if a country merges with another country, or if a new NOC is recognised by the IOC, a competitor may continue to represent the country to which he belongs or belonged. However, he may, if he prefers, elect to represent his country or be entered in the Olympic Games by his new NOC if one exists. This particular choice may be made only once.
- 4 Furthermore, in all cases in which a competitor would be eligible to participate in the Olympic Games, either by representing another country than his or by having the choice as to the country which such competitor intends to represent, the IOC Executive Board may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any competitor, including the duration of any waiting period.

### **Rule 43 World Anti-Doping Code**

The World Anti-Doping Code is mandatory for the whole Olympic Movement.

### **Rule 46 Technical responsibilities of the IFs at the Olympic Games**

- 1 Each IF is responsible for the technical control and direction of its sport at the Olympic Games; all elements of the competitions, including the schedule, field of play, training sites and all equipment must comply with its rules. For all these technical arrangements, the OCOG must consult the relevant IFs. The holding of all events in each sport is placed under the direct responsibility of the IF concerned.
- 2 The OCOG must ensure that the various sports included in the programme of the Olympic Games are treated and integrated equitably.
- 3 As to the schedule and daily timetable of events, the final decision lies with the IOC Executive Board.
- 4 After consultation with each IF, the IOC Executive Board determines the number and selection of competitors for doping tests and all other anti-doping measures during the period of the Olympic Games.
